78th YEAR

BUIST'S SEEDS are grown from Selected Seed Stocks, that is, the finest specimens of each class of Vegetables are annually Selected from the growing crops to produce Seed to Sow the following Season—Seeds Grown under this System are annually being improved, but where no Selections are made, they are annually degenerating.

THERE is no Seed establishment in this country where a Strict-er Personal Surveillance is given to all orders received than at Buist's—errors are therefore avoided and delays in Shipment seldom occur.

BUIST'S SEEDS are not commissioned. If they were, they would very soon lose their established reputation for Purity and Reliability.—Buist's are of the New Crop each Season. Commission Seedsmay have been when first put up, but that may have been years since.

SPECIAL QUOTATIONS.

If you are a large purchaser of Seeds, it will always afford us great pleasure to make you Special prices if you will kindly enclose us a list of your requirements.

TERMS OF SALE. Four months credit—cash discount, five per cent, if paid within ten days. Accounts are subject to draft when due. Purchases on Special Quotations, sixty days credit or two per cent. for cash.

WE SELL TEN POUNDS or over at the Hundred Pound quotation.

NET CASH GOODS are Onion Sets, Potatoes, Field Corn, Bird Seed, Grass, Clover, and all other Agricultural Seeds, these must be remitted for when ordered or be subject to sight draft on shipment.

PERISHABLE GOODS. Onion Sets and Potatoes are always shipped by us in the very finest order, and packed to carry safely; but as they are subject to damage by excessive heat or cold in transit, over which we have no control, such risk must be assumed by the purchaser. No claims can be allowed for damages.

BARRELS—BOXES—SACKS are CHARGED at COST, and are not returnable for credit, and will only be accepted to be used on future orders.

YOUR SEED TRADE can be very much increased by selling Buist's Growth, and possibly greater satisfaction given to your customers, as there is no brand that has attained a greater reputation for their Purity and Reliability. They have a 78 year record.

Buist's Pictorial Brand of Garden Seeds in **Packets** are the most elegant and attractive in the trade and are Reliable.

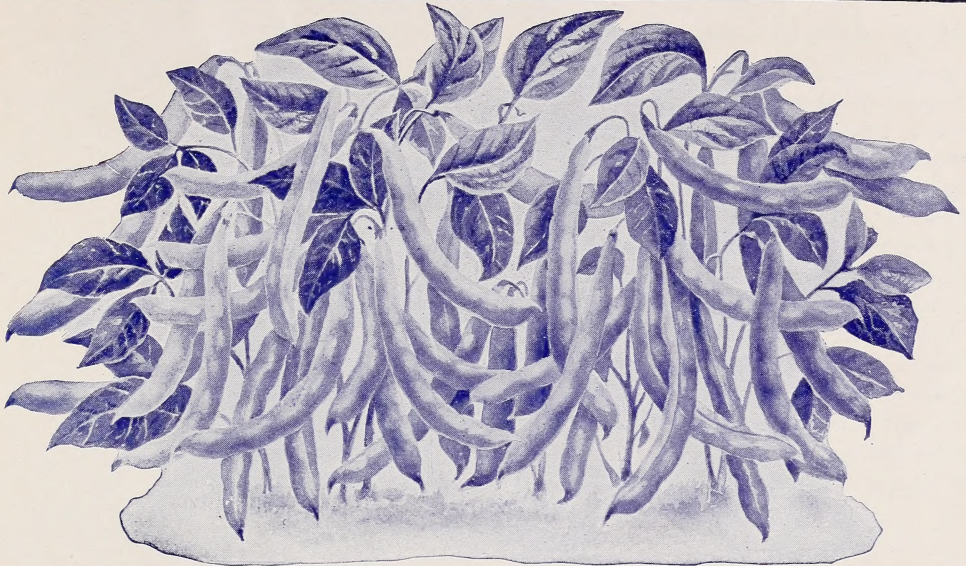

It requires no talking or persuading to sell them, as they sell themselves. It is a well known fact that the vegetables Buist's Seeds produce are as near perfection as can be grown. They are the most profitable to grow.

BUIST'S SELECTED ONION SETS

We are the most extensive growers and shippers of Onion Sets in the trade, with a reputation of shipping the finest samples. They are smaller, more uniform in size, and better cleaned than those of Western growth, and will keep longer without sprouting. We also use a 3/8 mesh in cleaning them, while Western and many other growers use an inch, making our sets of much smaller size and more salable. We also fan and clean each order separately. Onion sets are sold for net cash and subject to cost for barrels and crates for packing them.

Onion Sets of good quality are very scarce this season, they are also higher than last year, and will be much higher as the season advances. These prices are for 32 pounds to the bushel and for shipment during January and February.

RADISH—French Grown, Finest Stocks

French Grown Radish Seed is far superior to the American, both in purity, form and color, as it is grown entirely from transplanted roots; this process also retards the crop from shooting to seed, it therefore remains in marketable condition for a longer period.
